VISION

To be the Company of choice for our clients in our global markets, for all our business.

MISSION

We will deliver reliable, high-quality solutions for global infrastructure, always ensuring integrity.

OUR VALUES

Trust, Team And Action

Trust because, Mutual trust is essential for the proper conduct of our business and the efficient management of our projects

Shine Aero, founded in 1985, is a renowned producer, exporter, and local provider of a full line of Corrugated Hoses and Hydraulic Fittings. We also provide Stainless Steel Hose Assemblies, Metal Expansion Bellows, Precision components, and Aerospace grade. Our entire range is made from high-quality raw materials, ensuring great durability, minimum maintenance, optimal performance, and high tensile strength. These are widely used in the railway, chemicals, automobiles, cement, marine, aviation, defense, and SPM industries.

We are an ISO 9001 certified organization having membership with IDA Cherlapally Association and an EN 15085-2 certified in the welding process from TUVNORD. Our company is supported by cutting-edge infrastructure, including a CAD facility that allows us to construct the most recent variety of products. Fitting our large clientele. The modern facilities and help of experienced professionals enable us to efficiently satisfy the expanding demands of our global clients.
